Vogel LLP Reserved Parking Free All Day

Our firm has designated parking stalls, both outdoors and underground. Signage marks these as reserved for Vogel LLP. If your meeting is expected to take more than two hours, be sure to take advantage of these stalls to avoid paying for additional time past 2 hours or having your vehicle ticketed.

**Please register your vehicle with our receptionist when you arrive at our office.
Vehicles will be ticketed if not registered with Reception.**

General Visitor Parking Free for the First 2 Hours

The first two hours of general visitor parking, both outdoors and underground, are free. You must register your license plate at the parking meter in the building lobby to avoid being ticketed, even if you will be parking for two hours or less. Additional time may be purchased up to a daily maximum.

Do not use the Indigo app or QR codes to register. These require payment for the first 2 hours and do not offer any free parking.
