## Parking Guide

### Vogel LLP Reserved Parking

#### Free All Day

Our firm has designated parking stalls, both outdoors and underground. Signage marks these as reserved for Vogel LLP. If your meeting is expected to take more than two hours, be sure to take advantage of these stalls to avoid having your vehicle ticketed. Please register your vehicle with our receptionist when you arrive at our office.

### General Visitor Parking

#### Free for the First 2 Hours

The first two hours of general visitor parking, both outdoors and underground, are free. You must register your license plate to avoid being ticketed, even if you will be parking for two hours or less. There are parking registration kiosks in the main lobby, or you may scan a QR code at our reception desk. Additional time may be purchased up to a daily maximum.
